Dear Parents

Father Daly has been at the Oblate Provincial Council Meeting in Melbourne during the week and returns on Monday.

At the last Year 11 Year Assembly Father Daly spoke to students about a proposed immersion trip to an Oblate Mission in India. As part of a commitment to providing opportunities for students to experience the richness of service, we intend to send three students to India joining 12 students from Mazenod College, Victoria. The area of service will be in Chennai, where the Oblates (including Australian Oblates) serve the people of India through schools, youth ministries and orphanages.

The selected students will work primarily in orphanages and schools helping young people learn English. Within India there are many internal refugees and the Oblates serve the most abandoned people.

At the last whole school assembly MAZENOD MISSION DAY for 2014 was launched and students have since met on two occasions to start planning for the day. Last year saw our inaugural MMD and it was a huge success. Through MMD we hope that we spark a passion amongst students to consider the work done by the Oblate missions and foster a sense of giving back to the community that has provided their educational opportunities. Students are encouraged to save money in order to spend at the stalls on the day. There will be several stalls selling food and drink as well as many games-based stalls. We encourage that the money spent at the stalls is the student’s personal contribution to the fundraising effort.

Families have an opportunity to support the fundraising project by either donations of equipment and goods for the MMD stalls or by a general donation through the envelope system that will be distributed shortly. All money raised will support the Oblate mission work in India, particularly in the areas of health, education and welfare for women.

Year 11 and 12 students commenced exams this week. The thought of sitting exams can generate mixed reactions for students. A small amount of anxiety together with confidence in relation to sitting exams is important. Most people experience some degree of anxiety when faced with challenging tasks, like an exam. Performance can be enhanced when we learn to cope with anxiety in productive ways.

These include:

- Implementing a good study routine. Nothing can replace being well prepared.
- Ensuring a balanced lifestyle with leisure activities built into your timetable - adequate sleep, eat well, get outside for some fresh air and have a bit of down time.
- Thinking positively and challenge any negative thoughts about your ability to perform in exams.
- Practising relaxation - try stretching and deep breathing to deal with some of the physical symptoms associated with stress.

Good luck to all students for their exams and to those students who are involved with their work experience programme. Finally a prayer: Gracious God we ask that you watch over and guide all students who are preparing to commence their end of year exams. For those who are anxious, worried, or tense about exams we ask for your gifts of peace and calm during this time. Help them to do their best so they can reap the rewards of their study. Help them to be true friends and to support each other. We pray for the gifts they have been blessed with and that they use their talents now and in the future in your service. Amen

We extend our heartfelt sympathy to the Wallis family for the recent loss of Jane’s father. Our thoughts and prayers are with Jane, Damian and their family during this sad time.

Mr John Payne (Deputy Principal)

SCIENCE DEPARTMENT NEWS

On May 22nd six Year 10 students were given the opportunity to attend the ATSE Clunies-Ross Extreme Science Experience. The day was held in the format of a professional conference at the Perth Convention and Exhibition Centre. Students were treated to the opening address given by Nobel Laureate Professor Barry Marshall, Prof. Marshall worked in conjunction with Dr Robin Warren to discover the bacterium *Helicobacter pylori* and develop the first treatment for stomach ulcers.

Students then took part in a ‘Speed Meet a Scientist’, where each small group of students was able to talk directly to a leading scientist in a variety of fields. Our group was lucky to speak with Prof. Marshall. After this the students received presentations from Clunies-Ross Award winning scientists and then were able to take part in practical workshops based on the work of each scientist.

The workshops were fully interactive and covered diverse scientific topics such as Polymer synthesis for applications in biomedical, industrial and electronic fields; transport engineering specifically related to railway transport of iron ore in the Pilbara; the physics of clearer communications with microwave technologies and its applications in wifi and mobile phone communications; and using 3D printing to develop new methods of separating out fine particles of gold and other precious, rare and important minerals for the mining industry.

The behaviour and involvement of students was exemplary and I feel confident in saying an excellent day was had by all.

YEAR 10 PARENT-STUDENT INFORMATION EVENING

An important aspect of the Year 11 subject selection process for 2015 is the Parent-Student Information Evening to be held on Wednesday 25th June. The purpose of this evening is to provide you with information relevant to assisting your son choose a Senior School programme of study suitable to his ability, interests and aspirations. University and TAFE entry, workplace learning, VET and general subject selection issues will also be explained.

The evening will provide you with an opportunity to speak to Heads of Departments and teachers about specific Year 11 subjects and your son's suitability for them. The main presentation will be limited to approximately one hour in order to provide you with more time for contact with teachers. There will also be University, TAFE and career displays with representatives available to answer questions.

The main presentation will commence at 7.00pm in the Gymnasium. Your son will be given a Subject Selection Information Handbook and work booklet at the beginning of Week 10. This should be brought on the information evening as it will be referred to during the presentation.

Parking will be available on the main oval. Students are expected to attend the evening and are required to wear full winter school uniform. A letter providing further details of the evening and the subject selection programme was posted with the Term One report package.

MATHS PROBLEM OF THE WEEK!

PROBLEM: I have chosen three numbers. The second is twice the first, and the third is three times the second. The sum of the first two when multiplied by the sum of the last two happens to be the same as the first number multiplied by the square of the second number. What are the three numbers?
(hint: the numbers are less than 100)

LAST WEEK’S ANSWER: 22 m wide x 46 m long with an area of 1012 m².
LAST WEEK’S WINNER: No correct entries
The time has come for the annual Year 12 Ball. Details are as follows.

YEAR 8/9 EAGLES SCHOOLBOYS CUP
Game 3: Mazenod vs Guildford Grammar

The Year 8/9 football team was finally blessed with blue skies in their 3rd round fixture against Guildford. The oval was in tip-top condition and the boys very excited to continue the good form they have shown over the last two games. We knew that Guildford were a good side and they certainly proved that from the opening bounce with some clear centre breaks and putting the Mazenod defence under extreme pressure.

The backline held up well with Nick Cayley, Damon Whitcombe, Brayden Fairhead and Jarrod Brockbernd giving their all. After some anxious moments, the midfield of Joel Curtis, Adam Disisto and Kyle Sermon was able to gain the ascendancy and push the ball into our forward line where the likes of Jaxon Lombardini, Luke English and Jaxon Butler were creating very good opportunities to score. Both teams were very evenly matched with Guildford going into half time with a 2 point advantage.

Going to the scoring end in the second half allowed Mazenod to make a few positional changes and the pressure to fight for the ball was relentless. Maverick Hamilton and Connor Lucas were working tirelessly on the wings to generate forward momentum where Michael Garfield was able to take a couple of nice marks and convert the goals. Mazenod looked the stronger team towards the end of the game and ran out winners by 13 points. It was a magnificent effort from all players and keeps the team in line to progress to the knockout stages of the competition.

Well done.

A big thank you to Mr Delaney for umpiring. A couple of local dogs running through the oval during the first half made for some interesting hand gestures from the ‘Ump’. Our next and final game is against Governor Stirling at Ron Jose Oval, 4pm next Tuesday afternoon. Please come along and support the team.

Mr Jake Akmens

CONGRATULATIONS! Baylee James (Year 10) has been selected to represent WA in the 2014 State AFL 15s Team. The team will be competing at the National Schools Championships in Sydney, NSW from the 18th to 27th July. Well done, Baylee, and good luck in the tournament!

Mazza Footy Tipping Round Eleven Results

There doesn’t seem to be a round go by this season without an upset or two. This week it was the Lions upset win over the Blues that surprised most. We had five tippers correctly select eight winners in round eleven but it was Poppy’s Pies who also selected the closest margin for the Thursday night win to the Swans, taking out the $60.00 weekly prize money.

Congratulations.

Lib still holds down first place on our competition leader board with 81 points, Hosie J is in second place on 75 points, The Footy Champ is third on 74 points with Alno in fourth position on 71 points.

In our separate KnockOut competition, all seven remaining tippers have survived this week to make KnockOut selections again in round twelve.

Please remember to lodge your tips by the round twelve cut-off time of 5.40pm WST Friday 6th June.

With a Have a great weekend and Happy Tipping. Go Pies!!

MAZENOD MISSION DAY
[Friday 15th August]

Dear Parents/Guardians

On the 15th August the College will be running a whole school, whole day, fundraising event that embodies the values of St Eugene de Mazenod. The event will celebrate the uniqueness of the Mazenod Oblate Community, encourage student leadership and develop ‘House Spirit’ at the College. Furthermore, promoting student awareness about the plight of others both in their local areas and worldwide.

The aim of the campaign this year is to raise sufficient funds to assist the Oblate Missions in China and India to help improve access to Education, Health Services and improving the equality of women in their local communities.

The College also wants students to develop greater awareness of the Oblates who are represented in our College House groups. Joseph Cele, Charles Albini, Felix Gavin, Joseph Gerard, Henri Tempier and Vital Grandin. It is hoped that the Mazenod College Mission day will promote House Spirit and will engage the students to recognise the sacrifices that their House founders made to help those less fortunate.

On the day [Friday 15th August] there will be a number of stalls [games, activities, food outlets etc] set up around the College that have been organised by the students. The students will be encouraged to bring money to spend at the various stalls on the day; the College recommends $10 - $15 per student. The College encourages that this money should be the student’s personal contribution to the fundraising effort. As well as the fun activity stalls, there will be several stalls selling food and drink available for purchase on the day.

The day will culminate in the students and staff participating in “Mission Games” that are designed to emulate the day to day life of a person living in a Chinese or Indian Oblate Mission. Donation envelopes will be distributed to all families in the coming weeks. The College is grateful for family support of the Mazenod Mission Day through donations of equipment and goods or a general donation of $25 would be greatly appreciated. Both of these donation preferences are indicated on the donation envelope. Please note that the envelope needs to be returned to the College by Monday 25th August.

Mazenod Mission Day is a compulsory College event. If any student is unable to attend on the day the College will need to be notified prior to the event.

We are confident that the College community will again unite and generously support this worthwhile cause.

If you have any further questions regarding the Mazenod College Mission Day please contact your son’s Head of Year.

Yours sincerely

Fr Peter Daly OMI
Rector
