

MAZENOD COLLEGE
BOARDING COMMUNITY DIRECTORY for 2016

As part of our ongoing commitment to communication we compile a list of email addresses and phone contact details of current boarding families. We need to have up to date details for our records.

We will then also send the list to all boarding families as a parent contact list. We trust that this will encourage families to contact one another to share information and experiences, especially with new boarding families.

Please complete the details below and then indicate whether you wish your details to be circulated on the list to other parents.
