Vanuatu Tour

During the July school holidays 26 students, parents and teachers embarked on an epic adventure to Vanuatu for a scuba diving trip.

After completing their Open Water and Advanced Open Water scuba diving courses during Term One, 18 students signed up for the trip. This was the second year we have taken students to Hideaway Island in Vanuatu and once again it was a fantastic place for students to experience the underwater world and the local culture.

Whilst taking part in 10 ocean dives students observed an array of marine life, including white tipped reef sharks, turtles, eels and an assortment of reef fish. Students also had the opportunity to complete two night dives and explore two different ship wrecks.

With diving filling up our mornings we were able to organise and take part in several different activities in the afternoons. The students abseiled a 50 meter waterfall, went shopping in Port Villa, attended the annual horse race event, took part in a local cultural walk and visited a local school where the children sung several songs for us and invited us into their classrooms.

The trip was packed full of different activities designed to expose the boys to the culture of the local people and to see everything Vanuatu had to offer.

By the end of the week everyone was exhausted and ready for a well-deserved break on the return home.
